VOLUME XXXVIII. NO. 76

SEYMOUR, INDIANA, MONDAY, MARCH 24, 1919.

PRICE TWO CENTS.

## THREE HELD FOR ALLEGED FORGERY

Claude Strange and Chauncey Hall,  
Indianapolis, and Carl La  
Roach, Seymour, Arrested.

### PLEA OF GUILTY BY STRANGE

Local Police Do Good Work in  
Rounding Up Trio and Recovering  
Most of Money Obtained.

Claude Strange of Indianapolis, a confessed forger, and Chauncey Hall, of Indianapolis, and Carl La Roach, of this city charged with aiding in the passing of a fraudulent check at the Seymour National Bank, were arrested by the local police Saturday night. The men were taken in custody after the police had searched for them for several hours, during which time, it is stated, they made several attempts to escape. The alleged forgery is one of the best pieces of work that has come to the attention of the police here for several years.

The check which was cashed by Strange at the Seymour National Bank was drawn in favor of "Andrew C. Evans," by "George R. Lamb & Co." by "F. A. Marvin, Mgr." The name of the firm was written in the lower left hand corner of the check and appeared to have been stamped on the paper. On the face of the check appeared the word "certified" such as is stamped on certified paper by bank cashiers. Strange is said to have told the police that he traced the name of the firm with a blue pencil and that he also traced the "certified" stamp in red. The stamp of the certification from all appearances was made with a machine stamp as the lettering is deep enough to show an imprint on the reverse side. Strange told the police, however, that he traced the words and would show them how "it is done" if they would get him a piece of paper.

When strange presented the check at the bank about 7 o'clock Saturday night the teller refused to cash it for him until he was identified. At that point Roach, who lives here, and whom the teller thought was a local railroad man, stated that he would identify the man. Roach then endorsed the check and the amount, \$75, was turned over to Strange. Later the teller made inquiry about Roach and it was then that he reported the matter to the police.

## TAKES SUDDEN LEAVE OF CITY; GIRL'S RING IS MISSING

Frank Seberskey, Paroled Convict,  
Believed to Have Gone to Former  
Home Near Chicago.

Frank Seberskey, formerly employed by the Palace restaurant, left this city Saturday night with certain citizens hot on his trail. Foremost among the trailers, it is stated, was a young lady whose ring he had secured last week.

Seberskey, twenty-two years of age, came to this city last December on parole from the state reformatory at Jeffersonville. Through intervention of reformatory officials who wished to see him make good, Roy Rich, proprietor of the Palace restaurant gave him a job. His parole papers were filed each month. Seberskey made money and friends. To many of his acquaintances he

## RECONSIDERATION OF RESIGNATIONS

W. C. Young and W. E. Weller Agree  
to Serve as Officers of The  
Chamber of Commerce.

### STATEMENT BY DIRECTORS

President and Vice-President Call  
Upon Membership for "100  
Percent Cooperation."

W. C. Young and W. E. Weller, president and vice-president, respectively, of the Seymour chamber of commerce, have reconsidered their recent resignations and in a communication to the directors have given notice that they will serve in the capacities to which they were elected. The reconsideration of the two resignations will be good news to the members of the organization who had hoped that both men could arrange to serve the chamber of commerce.

The statement by the two officers follows:

"Seymour, Indiana,  
Mar. 22, 1919.

"To The Board of Directors,  
"Seymour Chamber of Commerce,  
"Seymour, Indiana.

"Gentlemen:—

"Desiring in every particular to cooperate in the development of the community, after due deliberation, we have reconsidered our declarations of the responsibilities conferred by your action of March, 18th, and beg to submit that, agreeable to your pleasure, we will serve the Seymour Chamber of Commerce in the capacities of President and Vice-President, respectively, until the time for the annual election of officers, which we are advised, occurs in either June or September.

"We believe that the united and undivided cooperation of the membership for the common good will assure success; we know that lack of cooperation spells failure for the organization. We therefore proceed in the faith that the membership, 100 per cent, strong, dedicated to the idea of "service before self," will rally to the standard and give us unstinted support.

"We submit this statement for your consideration.

"W. C. YOUNG.

"W. E. WELLER."

The board of directors then issued a statement as follows:

"At a meeting called for the purpose of receiving and acting upon the joint letter of Mr. Young and Mr. Weller the Board of Directors desire to say that since the resignations of these gentlemen have never been accepted we are glad indeed to have the matter that has caused us no little concern terminate in the manner it has. Every member of the Board of Directors, and we feel we are speaking for the entire membership as well accept the willingness of these gentlemen to assume the responsibilities of the offices to which they were unanimously elected, as evidence of their desire to make personal interests subservient to the public good. The time has come in the life of the organization when somebody must make sacrifices for its best interest and we commend Mr. Young and Mr. Weller for the course they have taken and now call upon every member to get behind the strong "one hundred per cent, strong" and great things can and will be done for our fair little city."

Now that the matter has been cleared away, the organization will again set out upon its campaign of civic and industrial improvement. The organization of the chamber of commerce is well under way, the special committee appointed to suggest changes in the constitution and by-laws having their work nearly completed. This committee will report at an early meeting.

### The Royal Neighbors.

Will give a dance for their members and friends, Monday night at Moose Hall.

## READY TO BOARD THEIR RETURN SHIP AT BREST

American soldiers are here seen ready to board their ship which will bring them back home to America. The scene is at the pier at Brest, France, from which port thousands are being shipped daily.

## SPECIAL PROGRAM IN M.E. CHURCHES

Women's Foreign Missionary Soci-  
eties Observe Fiftieth Anniversary  
of Founding.

### PART OF CENTENARY PLAN

Dr. W. E. Bowers Delivers Address  
at First M. E. Church—Pro-  
gram at Trinity M. E.

The fiftieth anniversary of the Women's Foreign Missionary Society was observed by nearly all the societies in the Methodist churches in Jackson county Sunday. The celebration is a part of the Methodist Episcopal Centenary movement. A special program was given at the Trinity M. E. church as follows:

Opening Song.

Scripture Reading—Mrs. Wm. Weiler.

Prayer—Rev. Weiler.

Choir Song.

Song—Olive and Alice Marie Becker.

Address—Mrs. B. F. Schneek.

Song—Miss Elizabeth Strodman's

Sunday School Class.

Tableau—"Inasmuch."

Reading—Miss Elma Naffe.

Song—Miss Bertha Schmidt's S.

S. Class.

Quartet—Mrs. Louis Becker, Mrs.

Albert Miller, George Winkenhof

and Charles Hemmer.

A collection amounting to \$62.21

was taken. This society was organ-

ized about thirty-five years ago and

now has a membership of thirty-five.

The officers are:

President—Miss Louisa Nieman.

Vice President—Mrs. Sophia Schneek.

Corresponding Secretary—Mrs. B.

F. Schneek.

Recording Secretary—Mrs. Wm.

Weiler.

Treasurer—Miss Elizabeth Strod-

man.

The services at the Methodist Epis-

copical church Sunday morning were

in charge of the local auxiliary of

the Woman's Foreign Missionary

Society. An address was given by Dr.

W. E. Bowers, of the Centenary.

Dr. Bower's theme was "The Op-

portunity of the Modern Church,"

in which he said "that Christianity

is engaged in a world struggle and

if the church does not win in its re-

sponsibility in the next ten years we

shall probably see the world sink

back into many years of semi-civil-

ization and barbarism."

Whatever may be said at peace

conferences of education, of modern

science and of industrial and com-

mercial agencies, the church only

can be and will be the moral and

spiritual force that will save the

world, he said. In his address he

set forth in many ways whereby the

church will meet its task including

to raise the \$115,000,000. Of that

amount \$25,000,000 will go direct to

after-war reconstruction work. The

(Continued on page 8, column 5.)

## LOCAL BOY WILL ATTEND UNIVERSITY OF BORDEAUX

Cullen Barnes, Member of 150 Field  
Artillery, Rainbow Division  
Meets Requirements.

Cullen Barnes, son of Mr. and Mrs. Seba A. Barnes, North Chestnut street, has entered the University of Bordeaux, according to a letter just received from him. Five men from the 150th Field Artillery, Rainbow Division, of which he is a member, were to be selected for university training in France. A special entrance examination was held and the Seymour youth met all the requirements. He is the only one of the five to go to Bordeaux, the others being sent to other universities in France. He will take a special course. This is a signal honor for Mr. Barnes, who has served for some time with the famous fighting division in France.

Mr. and Mrs. Barnes were expecting that their son would return to the United States with the Rainbow division next month, but in his letter he stated that he would remain at Bordeaux for about five months. After completing the course, he expects to return without further delay to the United States. Young Barnes was a student at Indiana University at the time he joined the 150th Field Artillery.

## STUDENT IS HANDICAPPED BUT IS MAKING GOOD AT I. U.

Earl Seifres, of Crothersville, Has  
Been Unable to Swallow for  
Three Years.

The Indianapolis Star Sunday carried the following Bloomington dispatch:

Earl Seifres, an Indiana University student, whose home is at Crothersville, Ind., left here today for the Mayo Brothers' Hospital at Rochester, Minn., to consult surgeons there. For three years he has been unable to swallow anything. He had typhoid fever and, after he recovered, his throat closed up until he could not even swallow saliva.

Several weeks ago he went to the Robert W. Long Hospital at Indianapolis, where an attempt was made to force an opening in his throat, which was unsuccessful. After his recovery from typhoid, surgeons performed an operation on his side, inserting a silver tube through which liquids only are poured. The young man feeds himself by taking milk in his mouth and blowing it through the tube.

A letter was sent to the Mayos describing his case and they wrote back that only four other similar cases are on record. Seifres has been working his way through the university and as he did not have funds sufficient to go to Rochester, citizens of Bloomington made up the amount by popular subscription.

### Removal Notice.

I have moved my office from the Postal Building to the Hancock Building opposite the Postoffice and will continue my practice in diseases of the eye, ear, nose and throat and fitting glasses.

Dr. Chas. E. Gillespie.  
Office Hours: 9:00 to 12:00 a. m. and  
1:00 to 5:00 p. m.

f26dtf

## MONROE DOCTRINE TO BE PROTECTED

Amendment to League of Nations  
Covenant Advocated by  
President.

### OPPOSED BY GREAT BRITAIN

Acquisition of Territory in Western  
Hemisphere Would Require  
America's Consent.

(By Carl D. Groat, United Press Staff  
Correspondent)

Paris, March 24—An amendment to the league of nations covenant covering the Monroe Doctrine, advocated by President Wilson and Col. House, is expected to be presented at tonight's session of the league commission.

The proposed amendment would prevent any power from acquiring territory in the western hemisphere by conquest, purchase, treaty or otherwise, unless the Americas consented.

This article was reported today to the meeting with opposition from within the commission, especially by the British and French, who have extensive interests in the Americas. It could not be learned whether the President will attempt to force through the amendment despite the opposition, but it was believed he will strongly advocate its adoption, inasmuch as it would remove much of the ground for opposition in the United States.

The Monroe doctrine proposal is held by some to mark a considerable recession from Wilson's original declaration that the document would not be altered except in a minor way.

The proposal for changes in the document, submitted by Senator King of Utah, has not yet been officially commented on.

Japan's proposal for an amendment providing racial equality was not presented at Saturday's meeting. (A press association dispatch Saturday said it was up for discussion. The United Press said its presentation had been postponed.)

It may be reserved until the constitution is debated by the plenary session. Many delegates are understood to favor equality of nations, but not of nationalities.

### Mrs. Elnora Welsh Dead.

Mrs. Elnora Welsh, aged sixty years, wife of John Welsh, died at her home near the Jennings county line this morning at 9 o'clock. The funeral will be held Wednesday morning at 10:30 o'clock from the residence, interment following at the Reddington cemetery.

For some time Mrs. Welsh had been afflicted with heart trouble. She is well known in this county and is survived by several relatives.

## SOVIET REPUBLIC SET UP IN HUNGARY

Bolsheviki Armies Reported to Be  
Marching Toward Budapest to  
Aid New Government.

### WAR AGAINST THE ENTENTE

Lenine Asked to Take Charge and  
Keeps Informed as to Military  
Situation.

By United Press.

Copenhagen, March 24.—Detachments of the Russian Bolsheviki armies were reported in a Berlin dispatch today to be marching toward Budapest to aid the new soviet republic established in Hungary.

The dispatch said a state of war has been declared against the entente and that a general mobilization has been ordered in Hungary.

Dispatches from Vienna said the Bolsheviki in Budapest have promised that the main forces of the soviet army would be ready to march into Hungary within a few weeks. The newly formed workmen's ministry in Budapest is said to be headed by Alexander Garbai.

The Hungarian soviet republic, according to a Budapest dispatch has sent a wireless message to Premier Lenine, asking him to come to Budapest and personally take charge of the situation. Lenine was greeted as "the international leaguer" and was assured of Hungarian "solidarity." He is said to have replied asking that he be kept constantly advised of the military situation.

The action of the Karolyi ministry in resigning and turning the country over to the communists was said to have resulted from dissatisfaction at allied occupation and proposed occupation of the Hungarian frontiers by the peace conference.

Representatives of Premier Lenine are reported to have assisted in forming the new socialist communist ministry, which is constituted as follows:

Alexander Garbai, president; Fugan Barga, minister of finance; Josef Podanny, minister of war; Wilhelm Boleml' minister of socialization; Bela Kun, minister of foreign affairs.

The new cabinet has issued the following proclamation:

"Uniting with the world's Bolsheviki we rise against the entente and imperialism and proclaim general mobilization. All opponents will be executed."

Count Karolyi, in announcing the resignation of his ministry issued a proclamation declaring allied occupation was intended to make Hungary the "jumping off place" for operations against the Russian Bolsheviki with the aid of Czech troops. He said the workmen and soldiers' councils had decided that they must form an armed alliance with the Bolsheviki against the entente.

## 150th FIELD ARTILLERY PLANS ARE CHANGED

Men Will Not be Remobilized at Fort  
Benjamin Harrison, War  
Department Says.

By United Press.

Indianapolis, March 24—Individuals and societies who were making efforts to affect the discharge of the 150th Field, Artillery Rainbow Division, at Fort Benjamin Harrison, today abandoned their campaign which they carried to Secretary Baker and Senators New and Watson. News was received here last night that there is no possibility of the war department permitting this as the demobilization machinery at Fort Benjamin Harrison is disbanded. The demobilization will likely take place at Camp Sherman, O., or Camp Zachary Taylor, Ky.

### Detachment Disarmed.

By United Press.

London, March 24—An entente detachment near Budapest has been disarmed by Hungarian soldiers, according to a dispatch from that city received today by way of Vienna. Another dispatch said official announcement had been made in Budapest that a Czechoslovak army is marching against Hungary.

TAKES SUDDEN LEAVE OF CITY:  
GIRL'S RING IS MISSING  
(Continued from first page)

was known as Frank Briscoe. During the recent illness of Mr. Rich he was a constant caretaker. Few people knew his history; all thought he was a citizen of Chicago free to do as he pleased as long as he was law abiding.

Last Thursday he became careless with the property at the restaurant and was duly reprimanded by the proprietor. Under the circumstances of the parole he could not quit a position without another in view, without his employer's consent, and without making a previous report of his intention to the reformatory officials he departed. To William Weathers and Otto Koskokey he made separate attempts to sell three war savings stamps which he declared he found. During the hargue accompanying one of his attempted sales his former employer overheard him. Going straight to the place where his own stamps were kept, his suspicions, suddenly aroused, were confirmed. He started immediately in search of Seberskey and found him in a pool room, where he gave him thirty minutes to return the three stamps. Seberskey at first denied having taken them but under the threat to turn him over to the reformatory officials, stated that he had sold one stamp but had the others with him.

It is thought the man went to his home near Chicago. Local authorities were notified of his escape but once out of the city this case became one for the reformatory officials. It is said they were notified immediately and offered the suggestion that he had probably returned to his home near Chicago.

## Flour, Feed and Coal.

I am in the market for all the good white corn with no rotten, frost-bitten or mixed in it. I will pay \$1.35 per bushel. I will also sell the very best grade of flour at \$5.80 per 1/2 bbl, \$1.45 per sack at the mill. Also have plenty of good Eastern coal at \$6.50 per ton delivered in town, \$6.25 at the yard. And a full stock of all kinds of feed with prices in proportion.

d&amp;wtf G. H. Anderson.

George Heins spent Sunday with relatives in Columbus. He was accompanied home by Mrs. Heins who has been spending several days there.

DOCTOR URGED  
AN OPERATION

Instead I took Lydia E. Pinkham's Vegetable Compound and Was Cured.

Baltimore, Md.—“Nearly four years I suffered from organic troubles, nervousness and headaches and every month would have to stay in bed most of the time. Treatments would relieve me for a time but my doctor was always urging me to have an operation. My sister asked me to try Lydia E. Pinkham's Vegetable Compound before consenting to an operation. I took five bottles of it and it has completely cured me and my work is a pleasure. I tell all my friends who have any trouble of this kind what Lydia E. Pinkham's Vegetable Compound has done for me.”—NELLIE B. BRITTINGHAM, 609 Calverton Rd., Baltimore, Md.

It is only natural for any woman to dread the thought of an operation. So many women have been restored to health by this famous remedy, Lydia E. Pinkham's Vegetable Compound, after an operation has been advised that it will pay any woman who suffers from such ailments to consider trying it before submitting to such a trying ordeal.

## NOTICE TO MOTHERS

You can quickly heal baby's sore, chafed skin with  
**Sykes Comfort Powder**  
which contains antiseptic, healing ingredients not found in any other nursery powder. 25c at the Vinal and other drug stores. The Comfort Powder Co., Boston, Mass.

SECRET OF LONG WEAR  
IN SHOES FOR BOYS

“Nothing could be more of a tax on soles than the hikes and games of the Boy Scouts, but for durability, comfort and protection in the rain I certainly recommend Neolin Soles. I have two pairs of shoes equipped with them.” Scout C. K. Spaulding, of Newton, Mass., who wrote this, speaks from experience.

Thousands and thousands of other active boys who have shoes with Neolin Soles vouch for their long wear. Parents who pay big shoe bills will be interested in this, for Neolin Soles cut those shoe bills down. Buy Neolin-soled shoes, not only for the boys, but for every member of the family. They come in many styles.

Have your worn shoes re-soled with Neolin Soles, too. All good repair shops have them. They are made scientifically by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wing-foot Heels—guaranteed to outwear any other heel.

**Neolin Soles**  
Trade Mark Reg. U. S. Pat. Off.

## Concert at Christian Church.

The following program will be presented by the Loyal Devoir Society at the Christian church Friday evening, March 28 at 8 o'clock.

FRANK C. BIDDLE, Basso.

Mr. Frank C. Biddle, basso cantante, and J. Earl Weatherford, tenor, of Cincinnati, are musicians of unusual ability.

## PROGRAM.

1. Organ .....Selected  
Mr. J. Earl Weatherford.

Tenor and Bass.

THREE HELD FOR  
ALLEGED FORGERY  
(Continued from first page)

When the police were told of the transaction, the bank's representatives were informed that the members of the department were at that time looking for the strangers.

During the late afternoon, Strange is reported to have tried to pass the \$75 check at Steinwedel's Clothing Store, The Hub, The Modern Clothing Store and at several other places of business here, but the dealers refused to accept it inasmuch as they were not acquainted with Strange. The Seymour National Bank is open on Saturday night until 8 o'clock and shortly after the bank opened in the evening Strange and Roach appeared.

After the police received word that the strangers were attempting to pass what was purported to be a fraudulent check, they started an investigation and in a short time secured information that led them to believe that Roach was implicated. Chief Abell found Roach at the New Lynn hotel, with suit case in hand, and after questioning him a few minutes took him to jail. Roach maintained that he had nothing to do with the issuance of the check.

The other members of the police force started out to round up Strange and his alleged partner. Policemen Sensback and Weddell were close to the men at the Pennsylvania

railroad station, but both officers wore their uniforms and caps and the men are said to have gone into hiding when the policemen approached them. As the southbound Pennsylvania train pulled in, Officer Weddell caught Hall trying to get on the front end of the train. Hall was lodged in jail. In the meantime the report had reached the police that the third man was around the Blish elevators and while Policeman Sensback and Abell walked around the grain tanks, Officer Wallace was on High street and waited for Strange to appear.

Wallace saw the man emerge into the street. He asked him his name and Strange replied, “Vance.”

“What did you say?” asked Wallace.

“Smith,” said the stranger. “You have too many names to suit me,” said the officer. “I’ll take you along with me.”

When Strange was questioned at the police station, he is said to have admitted that he passed the check, that it was a forgery and that he and Hall came to this city from Indianapolis Saturday afternoon for the avowed purpose of cashing the check. He told the police, it is stated, that he is a paroled convict from the Indiana reformatory and was sentenced from Bloomington several years ago for forgery.

Strange entered a plea of guilty before Mayor Burkart when arraigned this morning. His bond was fixed at \$1,000 and he was bound over to circuit court.

tempting to cash any checks here. When arrested Hall had an exact duplicate of the check passed at the local bank concealed in his glove. He told the police that Strange gave him the check and that he did not know that it was a forgery.

Roach has employed E. P. Elsner as his attorney and his arraignment will take place at 7:30 o'clock tonight in the Mayor's court.

In speaking of the arrests of the men, the police declare that if the local merchants would notify the police as soon as suspicious characters attempt to secure money on such paper, they could start their investigations earlier. There have been a number of fraudulent checks passed here during the last few weeks and the police are anxious to round up the guilty parties and declare that the merchants can aid them materially by reporting such cases promptly.

The senior class of the Shields High School is taking steps towards selecting a class play to be given near the close of the school year. To date three plays have been considered but no definite action has been taken. A committee composed of seniors has been authorized to select the play but no definite action has been taken. A committee composed of seniors has been authorized to select the play but no satisfactory agreement can be reached.

Mrs. Elizabeth Montgomery has returned to the city for residence during the summer after spending the winter months with her sons near this city.

J. A. Hilt and family and Miss Flora Yontsey of route 6, spent Sunday with Mr. and Mrs. D. A. Baird.

## The WAR IS ON!

SUCH SLASHING OF PRICES IN FOOTWEAR HAS NEVER BEEN WITNESSED BEFORE IN SEYMOUR.

**Our \$25,000.00 Stock of Shoes  
Must Be Sold and That At Once**

WE ARE FORCED TO SELL.

## The Reason: OVERSTOCKED

We took advantage of the low prices of shoes in the early days of the war to such an extent that we are heavily overstocked and we must get out from under.

SHOES are being offered at an average of 50 cents on the dollar, and in some instances your dollar will go four to five times as far as ordinarily.

Besides this saving we can save you an additional 15 to 20 per cent. on your money because we do not have to pay sales agencies from 6 to 10 per cent. to run our sale, as we are perfectly capable of conducting our own sale.

We own our own building and business. We pay no rent thus saving another 5 per cent.

Our clerk hire and other business expenses are smaller, saving a probable 5 per cent.

**WE SAVE YOU THIS BY UNDERSELLING OUR COMPETITORS 15 TO 20 PER CENT.**

Look and wonder and then ponder. Then see us.

Ladies' Shoes—Odd lots values up to \$4.00 and better, 15 per cent. less than competitor, the pair **10c**

Men's House Slippers—Values up to \$1.75, 15 per cent. less than competitor **79c**  
\$2.50 values .....\$1.19  
\$3.00 and \$3.50 values.....\$1.59

One Lot of Ladies' Shoes—Odd sizes, values up to \$4.00, 15 per cent. less .....**33c**  
15 per cent. less.....58c

Children's Shoes—Values up to 50 and 75c, 20 per cent. less **1 1/2c**

One Lot of Boys' Army Duck Shoes, \$2.25 value **\$1.19**  
now .....

One Lot of Men's Work and Dress Shoes, value up to \$4.00, 15 per cent. less.....**\$1.50**

One Lot of Ladies' Kid Comfort Shoes, values up to \$4.00, “Selz” and other good makes, 15 per cent. less.....**\$1.98**

One Lot of Ladies' House Slippers, values \$2.00 and \$2.25, 20 per cent. less than competitor **\$1.19**

One Lot Crochet Slippers .....**9c**

One Lot House Slippers .....**39c**

One Lot of Girls' Shoes, values up to \$2.50, 15 per cent. less .....**\$1.35**

One Lot of Boys', Girls' and Misses' Shoes, value up to \$3.00, 15 per cent. less.....**\$1.74**

## The Following Are Less Than Being Offered Elsewhere

Ladies' Shoes, all sizes, values up to \$5.00 **\$1.98**  
now .....

Ladies' Shoes—Greys, Blacks and Tans, \$5.00 and \$6.00 values .....**\$2.98**

Men's “Hypress” Rubber Boots—“Good-rich” Make, \$6.00 value **\$3.98**  
now .....

Men's Heavy Rubber Goods 40 per cent. to 50 per cent. less than original price.

Men's Tan Shoes in Button Blucher and English, worth \$5.00 to \$6.00, now.....**\$2.98**

Women's Elastic Side “Juliet” Slippers, worth \$2.00, now.....**\$1.19**

**From 25 to 50 Per Cent. Off on All Low Cuts and Oxfords.**

*The Men's Shoes are of the Well Known Makes as Emerson, McElwain, Etc.  
The Ladies' Shoes are J. & K., Drew Shoe Co., Etc.*

Space will not permit any further quotations, but you can “bet” your “bottom” dollar that you can save at least 15 per cent. to 20 per cent. more by purchasing of us than you can at our competitors.

**REMEMBER—NOTHING HELD IN RESERVE. EVERYTHING GOES.**

Seeing is believing, therefore see US.

March 24, 1919 52 34

## Weather Forecast for the Week.

Generally fair weather is indicated, except rains Tuesday or Wednesday; temperature will rise to normal by Tuesday and remain near or above thereafter.

Rev. Wiley Wirt, who is in the troop train department of Y. M. C. A. service, left this morning for New York after a week end visit in this city. Rev. Wirt preached Sunday at the Ebenezer church north of Seymour.

Miss Harriet Haehl of New Albany, stopped over here and spent Sunday with her brother, Clifford Haehl, and wife. Miss Haehl was on her way home after a visit with her parents, at Manila, Ind.

Henry Loertz spent Sunday at Louisville. Mrs. Loertz has been spending the past week with relatives and friends at Louisville and Jeffersonville.

Better than money because they earn added money—War-Savings Stamps.

Don't Let Catarrh Drag  
You into Consumption

**Avoid Its Dangerous Stage.**

There is a more serious stage of Catarrh than the annoyance caused by the stopped-up air passages, and the hawking and spitting and other distasteful features.

The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your path. Your own experience has taught you that the disease cannot be cured by

sprays, inhalers, atomizers, jellies and other local applications.

S. S. S. has proven a most satisfactory remedy for Catarrh because it goes direct to its source, and removes the germs of the disease from the blood. Get a bottle from your druggist today, and begin the only logical treatment that gives real results. You can obtain special medical advice without charge by writing to Medical Director, 27 Swift Laboratory, Atlanta, Ga.

## GARFIELD BOHALL SEEKING PARDON FROM STATE PRISON

Six "Lifers" Ask Clemency of Pardon Board at Its Quarterly Session.

By United Press.  
Indianapolis, March 24.—Seven lifers asked clemency of the state board of pardons when it convened here today for its quarterly session of one week. There are also 18 other petitions for clemency besides the usual long list of continued cases. Six of these on life sentence who want clemency are murders they are: John Craig, sentence from Henry county November 24, 1915 for the murder of Frank E. Dean; Cecil Elmer Fordice of Wabash sentenced from Grant county February 7, 1912 for the murder of a man named Willcuts. The petition says that Fordice was demented at the time the crime was committed and that papers had been made out to send him to an insane asylum. Elvadore Fennel 30, was sentenced

in Howard county December 7, 1914 for the murder of George Carlisle, his neighbor.

Burt Hope convicted at Princeton, Ind. Nov. 8, 1915 for the murder of his mother, Mrs. Susan I. Fleming. Garfield Bohall convicted of murder in Jackson county in 1910.

## "OWN A HOME FIRST" CAMPAIGN IS OPENED

Commercial Organization of Indiana Discuss the Plan at Luncheon.

By United Press.  
Indianapolis, March 24.—The "own-a-home-first" campaign to be conducted throughout Indiana during this week was born here today at a big dinner attended by commercial organizations of many Indiana cities. Aside from representatives of the commercial association men were to attend the dinner from real estate lumber and hardware state wire organizations. A. W. McKeand, secretary of the

state chamber of commerce, said that \$100,000 will be spent in the campaign to carry the "own-a-home-first" campaign to the people of every part of the state.

Practically every city in the state is co-operating in the campaign. Among them are Columbus, Bedford, Bloomington, Franklin, Terre Haute, Indianapolis, Crawfordville, Marion, Muncie, Elwood, Anderson, Peru, Hammond, East Chicago, Gary, Whiting, Valparaiso, Laporte, Michigan City, Mishawaka, Elkhart and South Bend.

## Boy Scouts.

The Seymour Boy Scouts, troop No. 2, will hold a meeting on Friday night of this week at 7:30 instead of Tuesday evening. The parents of the Boy Scouts are invited to meet with them. A program has been arranged and a luncheon will be served.

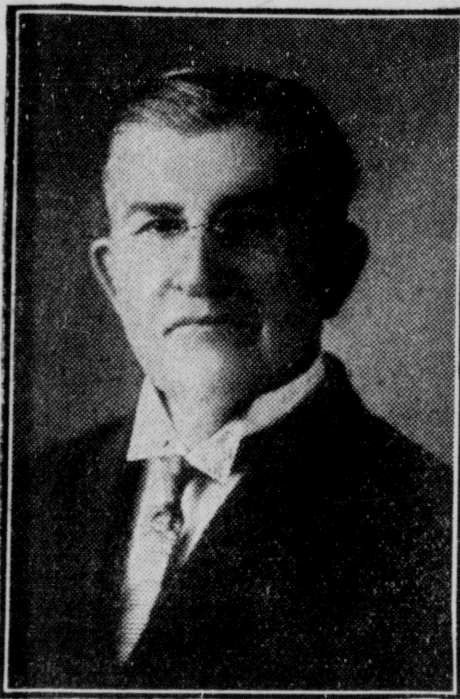

Rev. F. A. Hayward.

We do "Printing that Pleases."

## MISSIONARY CONFERENCE WILL BE HELD WEDNESDAY

Two Speakers of Unusual Ability Will be at First Baptist Church for Series of Meetings.

A Missionary conference of more than usual interest will be held at the First Baptist Church of Seymour on Wednesday of this week. There will be sessions at 2:30, 6:30 and 8 o'clock. The 2:30 and 6:30 meetings are especially for the men and women of the church and association. The 8 o'clock meeting will be a popular meeting to which everybody is invited. The speakers are Dr. M. D. Eubank, of China, and Rev. F. E. R. Miller of Elgin, Illinois.

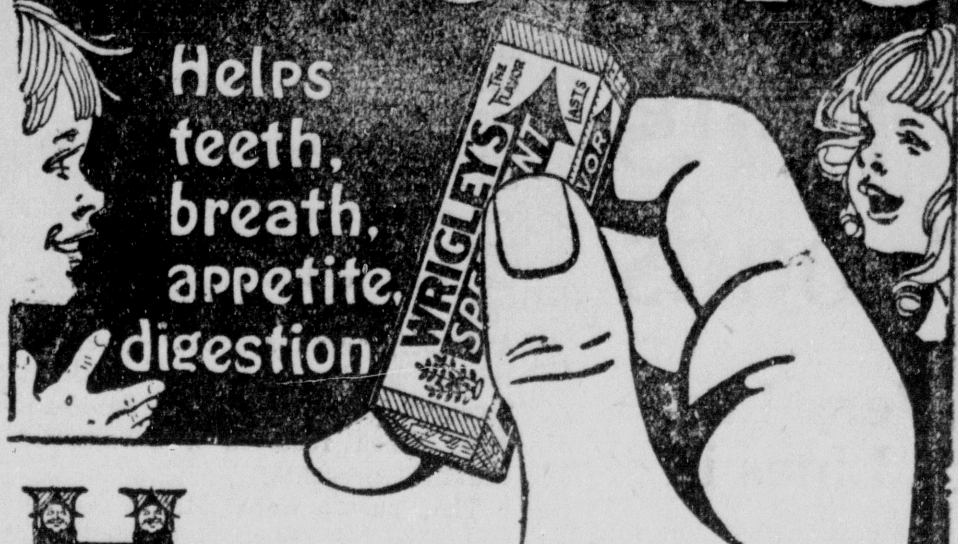

DR. M. D. EUBANK, of China

Rev. M. D. Eubank, M. D., is a native of Kentucky, where he spent his boyhood. He received his education in William Jewell College, from which he was graduated in 1891. His medical education was secured at the Marion Sims Medical School in St. Louis, at the Northwestern Medical School at Chicago and also at the University of Chicago.

Since 1899 Dr. Eubank has been in the service of the American Baptist Foreign Mission Society, and has had an unusually interesting missionary career. After a term of service in East China, he accompanied a Baptist deputation, and in 1908 returned to America for special service as field secretary. In 1910, after active participation in the great Laymen's Missionary Campaign, he returned to East China, and was again called to America in 1915, in order to serve as special representative of the Five Year Program.

Dr. Eubank is a fascinating speaker, a tremendously interesting personality and a passionate pleader for the cause of missions. No man who hears him on the platform can fail to understand the greatness of China, her place in the family of nations and her need of Christ.

## ANOTHER OLD CLOTHES DRIVE IS LAUNCHED

Red Cross of Indiana Making Effort to Get 10,000 Tons of Clothes This Week.

By United Press.  
Indianapolis, March 24.—In an effort to procure their quota of the 10,000 tons of clothes for the American Red Cross, state officials of that organization today launched their sectional campaign in all parts of Indiana.

The campaign will last throughout the week.

German destruction of textile industries in foreign countries makes such a campaign necessary, Red Cross officials say. They declare the clothing problem is one of the most serious confronting men and women and children of Northern France, Italy, Czechoslovak, Belgium, Serbia, Roumania, Greece and other allied countries. These people must look to the outside world for assistance, it was said.

Distribution of the clothing will be under American supervision the Red Cross taking charge where they are located and where there are no Red Cross stations the work will be turned over to food representatives of Herbert Hoover.

Only garments of strong and durable material are to be collected, in view of the fact that they will be subjected to the hardest wear.

Reports from Red Cross representatives overseas reveal that the clothing situation is worse even than that of food.

Most of the refugee families manage to feed themselves on the government allowance and their small wages, the report says, "but they are by no means able to clothe themselves."

## Mrs. James Glass Dead.

Mrs. Carrie Glass, aged thirty-four years, wife of James Glass, died Friday in Indianapolis and the body was brought here Sunday and taken to Medora for burial. The funeral was held this afternoon from White's Chapel, the Rev. C. V. Weddell officiating. Burial was at the cemetery near the church. The body was taken to the home of James Gabbert, brother of the deceased. Mrs. Glass' death was due to pneumonia. She leaves her husband, parents and several brothers and sisters.

A daughter was born to Mr. and Mrs. Harry Foist, March 24. Mrs. Foist was formerly Miss Gladys Hunt and was employed at the Gold Mine Department Store.

# THE COMFORTS of The AMERICAN HOME

It is a well-known fact that, home for home, the American household has more comforts and conveniences than that of any other nation.

In foreign lands the modernized dwelling is found only in the better sections of the larger cities.

In America, even in remote rural districts, you find the piano, the vacuum cleaner, washing machines, up-to-date heating systems, telephones and numberless electrical appliances.

There is a well-kept look about residence, store or out-buildings with an atmosphere of prosperity and content.

Did you ever stop to realize why this is so; how this condition was brought about?

It is largely due to advertising.

And a big share of the credit belongs to newspaper advertising.

Stop and think how many of the foods you eat, the things you wear and other articles entering into your everyday life, you first heard of through newspaper advertisements.

You will then realize what a part they do play, or should play, in your daily life.

Read the advertisements in the newspapers regularly and thoroughly, if you are not already doing so. They mean more to you than you can tell.

## SOCIAL EVENTS

### BIRTHDAY PARTY

Mrs. Fred Aufenberg entertained about twenty children Saturday afternoon from 2 until 6 o'clock at her home on Central Avenue in honor of her daughter Helen's, eighth birthday anniversary. The afternoon was spent in interesting games and many contests. Refreshments of ice cream and birthday cake and home made candy were served. Mrs. Aufenberg was assisted in entertaining by her sisters Mrs. Albert Sweazey and Miss Margie Saulman. Miss Helen received a number of beautiful presents.

The guests were Misses Norma and Mary Margaret Barkman, Gladys Ficken, Juanita and Mary Katherine Swengle, Mary White, Genevieve Hays, Mary Margaret and Dorothy Sweazey, Mary Lewis, Mabel Aufenberg, Mildred and Lila Schaefer, Verna Keller, Helen Stabb and Margaret Embuff. Leonard Taulman and Thomas Aufenberg.

### TWELVE O'CLOCK DINNER

H. W. Cobbs and family, of Hayden entertained sixteen guests yesterday with a twelve o'clock dinner. The dinner was given in honor of Private James Cobbs, of Des Moines, Ia., who is spending a furlough with relatives here. Decorations of carnations and ferns were used. The guests included Mr. and Mrs. Leo Nichter, Mr. and Mrs. Hillis Welsh of this city, Mr. and Mrs. Charles Felter and son, Schuyler, of Redding township, Mr. and Mrs. Henry Cobbs and son, of Driftwood, Miss Ruth Cobbs, of Indianapolis, and Oliver Cobbs, of St. Louis, Mo., and the honor guest.

### BIRTHDAY SURPRISE

Miss Hazel Stanfield was pleasantly surprised Sunday afternoon at her home on West Eighth street by a number of her friends reminding her of her birthday. The afternoon was enjoyed with games and music. She received many useful gifts. Decorations of cut flowers were used and at the conclusion light refreshments were served.

The guests included Misses Omega Wheaton, Mary Louise Honan, Lillian Griffiths, Helen Clark, Esther Prall and Alice Dixon.

### BIRTHDAY PARTY

Miss Elsie Mae Loertz was hostess to ten of her friends Sunday afternoon at the home of her parents, Mr. and Mrs. J. G. Loertz, on South Chestnut street, in honor of her fifth birthday. The afternoon was spent with games, recitations and music. Light refreshments were served during the afternoon, the table being decorated with a birthday cake, candles and flowers.

### TWELVE O'CLOCK DINNER

Mr. and Mrs. Frank Miller entertained a number of guests Sunday with a twelve o'clock dinner at their home east of the city. Covers were laid for Mr. and Mrs. Miller, Mr. and Mrs. Charles F. Bush, Mr. and Mrs. George Niehaus, Misses Louisa Graessle and Grace Miller, Messrs Charles Miller, Carl and Francis Niehaus.

### WEEK END GUESTS.

F. E. Cosby and family entertained at their home on West Second street, the following week end guests, Mr. and Mrs. W. H. Cosby, of Alexandria, and daughter, Mrs. Frank Schribner and son, Glenn, of Stickney, South Dakota, Mr. and Mrs. J. W. Anthony and daughter, Wilma, of Indianapolis, Mr. and Mrs. A. A. Cosby of North Vernon.

### HIKE

A number of girls employed at the Gold Mine Department Store went on a hike Sunday afternoon, walking to Cortland and back. The party included Misses Alice Monroe, Lovena Tovey, Elizabeth Aufderheide, Edna and Gladys Gossett, Josephine Cuddihoe and Marie Brockhoff.

### SUNDAY GUESTS.

Mr. and Mrs. Arthur Newby, Mrs. Barbara Hunt, Misses Carrie and Marie Nichter motored to the home of Mr. and Mrs. J. F. Nichter, east of Seymour yesterday and spent the day.

### DINNER GUESTS.

Mrs. Leo Leach and daughter, Nellie, of Indianapolis, and Mrs. Conley Davis and little daughter, were the guests of Mr. and Mrs. Frank Doane and family Sunday at their home on South Poplar street.

## Will Their Happiness Continue After You're Gone?.

Only three men out of one hundred leave their families enough to live on, according to the court records. That is, as much as \$10,000.

Eighteen men out of every 100 leave a home but no income to their families.

And out of every 100 married men who die, 35 of them do not leave a dollar of property to their wives or children.

A few men are unfortunate—many more are improvident.

It does not take a great amount for a man to get in the first class—those leaving \$10,000—the saving of \$3 a week from the time a man is 25 until he is 55 will do it.

But whatever you do, get out of the class that leaves the wife and little ones without a dollar. Start a savings account at the Jackson County Loan and Trust Co. and you will soon be well on the road, so that you need not fear for the future.

## And It's Well The People May Come

It Is Unquestionably the Most Genuine Money-Saving Opportunity Seen In This City Since the High Cost of Living Came Into Existence.

Not before in years has a complete stock of fashionable high grade footwear for men, women and children been placed on sale without reserve at such low prices. That is why the enormous crowds of economical buyers came here today from all parts of the city and surrounding country and why thousands more will come tomorrow and all week as the good news is passed along from one neighbor to another. We said these would be the greatest shoe values ever offered and the people have found it to be so. They know now that we told them the truth, and hundreds of families are buying five, ten and fifteen pairs in order to escape the sky-high prices that now prevail everywhere on footwear of such well known quality. Already it is a record breaking sale. Every department is loaded down with bargains that appeal irresistibly to people of sound judgment. In many instances

## "Tuning Up" The Motor

YOU have noticed, of course, that there is a big difference in the way that automobiles run. Some of them get over the ground, but the motor "misses" and the power is unsteady and jerky. The driver never knows just how his car is going to behave.

Then there are other cars that fairly "skim" over the roads with the soft, purring of the motor. You have noticed that such cars respond promptly and easily to the touch of the driver. There is always plenty of power for speed and hills.

The difference in the machines is the way they are adjusted. Our mechanical experts know just what your car needs so that it will run with the responsive, purring sound.

Mr. A. H. Wagner, who served the government as a motor expert during the war, is at the head of our mechanical department. He has a personal knowledge of all makes of cars and can tell you just what is wrong with your machine.

On March 24 we will have two new mechanics so that your work can be done promptly. Bring your cars around and let us inspect them for you.

## NEWSY PARAGRAPHS

A son was born to Mr. and Mrs. H. C. Lucas, of Woodstock.

Several new cases of influenza are reported today at Vallonia.

A daughter was born, Sunday night to Mr. and Mrs. Ed. Robison, at Vallonia.

Several of the young people of the Farmington neighborhood called

ed at the home of Frank Swengel Sunday afternoon.

Born this morning to Mr. and Mrs. Harry Foist, Jennings county, a daughter.

R. L. Robertson, of Brownstown, has received word that his son, Ward Robertson, has landed in this country from overseas service.

Mrs. Rose Hamilton, 29 High street, who has been ill for the past few weeks is reported somewhat improved although she is not yet out of danger.

## Highway Building Under New U. S. Law

With full State-cooperation according to the terms of the Federal-aid road act, the United States will have a total of at least \$574,000,000 for cooperative road building during the next three years. The Federal part of this fund is assured by an extra appropriation of \$200,000,000 in the Post Office appropriation bill recently passed by Congress and signed by the President.

Officials of the Bureau of Public United States Department of Agriculture, which administers the provisions of the Federal-aid road act and cooperates with the State governments in the expenditure of the money, point out that this amount of funds is the largest ever appropriated for similar purposes and for a similar period by any Government in the history of the world, and that it enables the Federal and State governments to carry out a road-building program of a magnitude never equaled.

In connection with the great Federal-aid program, it is also noted that expenditures for highway work in the United States this year are likely to amount to a half billion dollars or more. On reports received from State highway departments, the Bureau of Public Roads estimates the 1919 expenditures for roads and bridges at \$385,000,000, or \$110,000,000 more than the average expenditures for 1916 and 1917. An important effect of the law containing the new appropriation is that it broadens the definition of a rural post road, under which class a highway had to qualify in order to receive the benefits of the Federal-aid act.

Under the old act it was required that mail should actually be carried on it within a short time after im-

provement. The new act says, "the term 'rural post roads' shall be construed to mean any public road a major portion of which is now used or can be used or forms a connecting link not to exceed 10 miles in length of any road or roads now or hereafter used, for the transportation of the United States mails, excluding every street, and road in a place having a population, as shown by the latest available Federal census, of 2,500 or more, except that portion of any such street or road along which the houses average more than 200 feet apart."

The new act also raises the Government limit of contribution from not to exceed \$10,000 a mile to not to exceed \$20,000 a mile taking account of higher present costs of labor and materials.

The law also authorizes the Secretary of War to transfer to the Secretary of Agriculture material, equipment, and supplies suitable for highway improvement and not needed by the War Department.

The original Federal-aid road act, which became law in July, 1916, appropriated \$75,000,000 to aid in the construction of post roads during a five-year period ending June 30, 1921, and \$10,000,000 to aid in forest-road building during a 10-year period ending June 30, 1926. Not over \$3,000,000 of the original \$85,000,000 had been expended prior to 1919, so that \$82,000,000 plus \$209,000,000, or a total of \$291,000,000 of Federal funds, will be available during the next three years. The act and its amendment require the States to provide at least an equal amount on the post-road work, and it is customary for the States and localities to contribute toward the forest-road work—Government News Letter.

## Plant Ensilage Corn Early

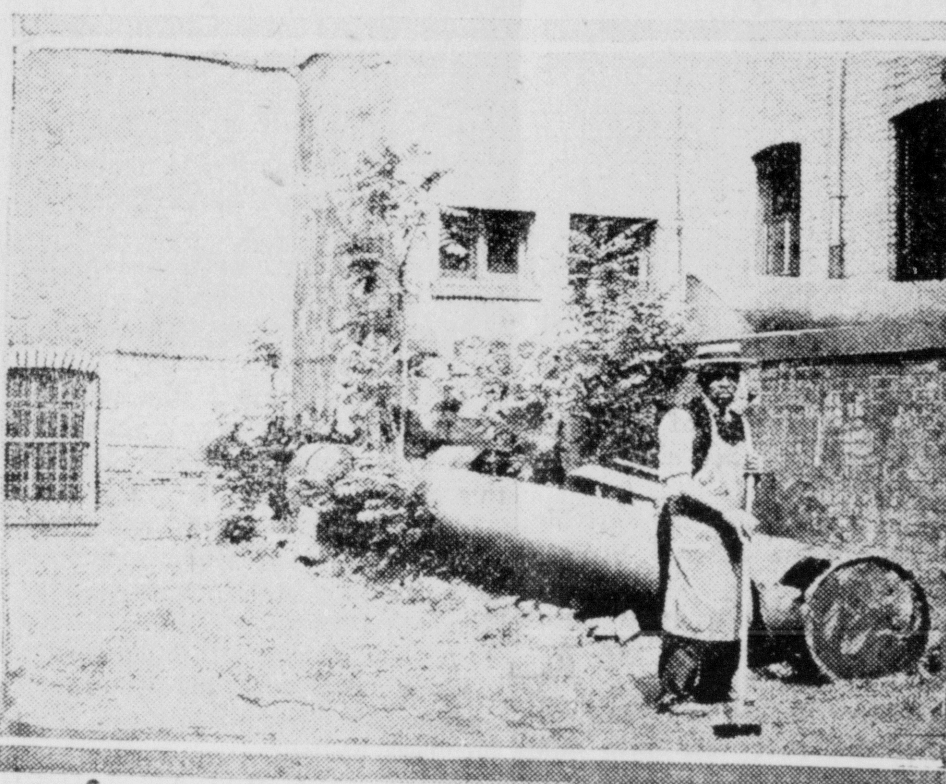

Planting ensilage corn last instead of first is an expensive mistake very often made. Fall frosts, not spring frosts, are most to be feared.

Early maturing, home-grown varieties do not need and may not be benefited by unusually early planting but large-growing ensilage varieties will, by nature, make ample stalk growth, and because of early planting will yield more and ripen grain and make richer and sweeter ensilage. Early planting supplies the age necessary for maturation and reproduction.

Ensilage crops in the North are made much more profitable when these two points are observed: Judge the crop by its feeding value and not by its height or weight, or the amount of labor necessary to silo it. Although earlier planting necessitates earlier cultivation, it pays. Early cultivation dries and warms the soil surface. If it remains wet it remains cold, and the young corn can not grow. Stirring causes the surface to dry rapidly, absorb heat, feel warm to the hand, and the corn to grow, while near-by, uncultivated soil will remain cold, with corn at a standstill.

After several years of testing, the Office of Corn Investigations of the United States Department of Agriculture has established the following fact, which should be utilized by dairymen and ensilage corn growers of the Northern States: When large ensilage varieties from Virginia or Missouri, for example, are planted in Northern States late in May, they make a rapid, long-jointed, tender, succulent growth, and are so green when fall frosts occur that they are heavy to handle, low in feeding value, and make ensilage which is sloppy and too sour. But when planted in April or very early May, they make a slower, harder growth, better withstand spring frosts and summer droughts, and reach a more advanced condition of maturity and produce more grain than when planted late.

## Planting a Garden Amid Tall Buildings

Will a garden grow among high buildings?

Yes, say the garden specialists of the United States Department of Agriculture, if there is enough sunlight and the right kind of soil. The picture shows the preliminary steps in making a garden in one of the most unpromising sites imaginable, but that garden grew, although a tall theater was on one side of it and other buildings were on other sides.

Areas that the sun does not shine upon for at least four hours a day should not be planted, according to the garden specialists. The foliage crops, such as lettuce, spinach, kale, parsley and chard, will thrive fairly well when they get three or four hours of sunlight a day. Such crops as tomatoes, eggplant and peppers should have an abundance of sunshine, at least five or six hours a day.

## Lime Grinding and Tractor Plowing Demonstration

Thursday, Friday, and Saturday of next week, March 27, 28, 29, twelve tractors and seven lime grinders will demonstrate how to do it with machinery at North Vernon, Jennings county.

Each of the three companies that demonstrated the pulverizing of limestone at the demonstration at North Vernon last year will be represented by two sizes of portable pulverizers this year with capacities from the largest to the smallest. Tractors will furnish continuous power for the crushers as well as several different types of limestone spreaders. Twelve tractors will be on the

ground with two and three bottom gang plows prepared to demonstrate tractor plowing. Two ditching machines will be demonstrated with tractors for power as well as a traction ditcher for use in tile draining.

One piece of machinery that is creating considerable interest is an end gate lime-stone sower which is operated on an ordinary wagon box. Power to demonstrate this in the field will be furnished by a tractor.

Farmers from every county in southern Indiana, especially those interested in the use of lime-stone, are invited to attend this demonstration on either of these three days.

## Farmers to Plant Oats and Rape as Hog Pasture

Many Indiana hog raisers are planning to sow oats or rape and rape as soon as possible to supply early pasture for their hogs. They have found from experience that no spring grown crop is ready to pasture in so short a time after planting, says J. R. Wiley, swine specialist of Purdue University.

The common practice is to sow six to eight pecks of oats and four to five pounds of Dwarf Essex rape per acre. The seed-bed is prepared the same as for oats to be harvested for grain purposes, and the crop planted as soon as the soil and weather conditions allow.

With good growing weather this combination is ready to graze a month to six weeks after sowing, or when the oat plants are four to six inches high. An acre of good

oats and rape forage will supply pasture for 12 to 15 mature hogs.

The oats comes on more rapidly than the rape and is eaten off first. It furnishes pasture which the hogs like until it begins to joint and head. By this time the rape has grown large enough to supply lots of pasture.

Three to four pounds of alsike clover per acre is sometimes seeded with the amounts of oats and rape as given above. The alsike comes on after the rape, supplying late summer and fall forage.

More information about pasture crops for hogs is given in Purdue Extension Department Bulletin No. 66. A copy will be mailed free on your request to the county agent or the Extension Department at Lafayette.

### Getting a Plant Ready for Growing Outdoors.

This boy is cutting the bottom out of the strawberry box, in which seeds have been planted, so that he may set the plant, with its ball of dirt, in the ground. The seedling, having received a good start indoors, will develop quickly into a vigorous early plant when set in the garden.

Berry boxes are used by many home gardeners to start early vegetables. Others use "flats" or window boxes, and gardeners who grow

### Lessons of Orchard Applied to Farm Woodland.

Before planting your orchard you decide what are the most profitable varieties and plant only those. You don't want too great a variety.

In handling the woodland it is best to keep only a few of the most profitable varieties of forest trees and cut out the others.

You plant your fruit trees far apart because you want low-spreading tops easy to pick from.

In planting forest trees you don't want to pick the fruit, so you plant the trees near together and obtain tall, straight trees with small tops.

You prune your fruit in order to get less wood and better fruit.

Don't waste time pruning forest trees, because you are not growing forest fruit but wood. Cut out the poorer trees for wood and leave the best ones for lumber.

### Keep the Home Woodland Growing.

In case of fire you will find a home-grown barn a very convenient means of replacing the loss and a great saving in money. Keep the home woodland growing.

When there is a strike in the coal mines you will find it very comfortable to have plenty of home-grown wood. Keep the home woodland growing.

When you need extra money to pay off a mortgage, a doctor's bill, or for a college education for the children, you will find a reserve fund in the woodland handy. Keep the home folks protected.

### Filling Up the Orchard.

It is possible to plant between apple trees, when set 32 feet apart, smaller growing trees, such as the peach or plum, placing one between each two trees in the row, as well as planting a row in the center of the spaces between the tree rows. This is a temporary arrangement, however, since the apple trees will eventually need all the space. Before crowding begins the interplanted trees should be removed.

## Drive Begun to Wipe Out Common Barberry Bush

Lafayette, Ind., March 22.—The campaign against the common barberry bush, which has been found to spread black stem rust of wheat, started in 1918, is being renewed in Indiana this year. Prof. H. S. Jackson, head of the botanical division of Purdue University, is leading the drive against the obnoxious bush. Three men are making a survey of the south end of the state to locate all common barberry bushes they can find and urge the owners to destroy them.

Last year the north part of the state was gone over and 96 percent of the barberry bushes found have been voluntarily removed said Prof. Jackson. A number are being found in the south section and as soon as the owners have been informed they spread the black stem rust of wheat they have been removed the field men report.

A number of cases were found in Indiana last summer where barberry bushes infected the wheat entirely ruining it. Two of these were in Franklin county. A bush in the front yard of the Edward Heap home near Brookville started infection which ruined his crop and that of two of

his neighbors, and the millers had to refuse the grain because of its condition. The other was on the farm of Bradbury Hudson also near Brookville.

Two cases of infection, the rust badly damaging or ruining the wheat crop, were found in St. Joseph County on the farms of Jonas Loucks and Charles Bunch, the latter near Lakesville.

A common barberry bush in a church yard near Centerville, Wayne County, reduced a prospective wheat yield of 30 bushels to less than ten for Edward McConaha, and W. O. Seoney, of Boston township, the same county, had a wheat crop which showed no rust last year for the first time in his history. A barberry bush was found early and removed.

Similar instances were found on the farms of Joseph Brown, John Douthitt, Charles Owens, T. A. Coleman, J. W. Gartin and others in Rush county, and in Wabash, Jefferson and Jasper counties, several cases were found showing that the barberries caused the black stem rust and serious damage or total loss of the crop.

## Maximum Benefits From Pasture

A prolific cause of the decline of pastures results from not stocking them properly. Farmers are frequently advised to graze their fields lightly if they wish to keep them permanently productive, the depleted western ranges being cited as glaring examples of what happens where overgrazing is permitted. Such advice is misleading for humid eastern conditions. It is poor farming to fail to realize the maximum benefits from the native grass crop. The ambition of the average stockman should be to realize the largest total gain per acre or the maximum gain per individual animal, or the highest possible production of milk, wool, pork, or mutton from the grazing areas without jeopardizing their future production. Where heavy beef cattle are produced it is not practicable to graze too closely, as the animals will not make sufficient gains to sell profitably. But with young cattle or dairy cows, the risk would not be nearly so great, and the benefit derived from close grazing would far exceed the chance for loss. The extent and duration of

the grazing is an individual matter for each farmer to decide, but in making this decision he should bear in mind that many of the unproductive and so-called run-down pastures in the best sections of the bluegrass region have resulted from too light rather than from too heavy grazing.

Grazing a pasture to capacity usually operates to prevent the development of weeds, as well as to maintain a fine, even turf. The bluegrass red top, white clover, and other good pasture plants thrive and spread if kept closely grazed, while most weeds can not live if their tops are cut off frequently. As a rule, in the average pasture the heavily grazed portions are comparatively free from weeds and possess a better sod than the area on which the grasses are too mature to be eaten by live stock, where the weeds usually run rampant. Furthermore, the character of the turf on a heavily grazed field will steadily improve, while that on a lightly grazed area will deteriorate correspondingly, according to the results of extensive grazing experiments.

Miller's Antiseptic Oil, Known as

## Snake Oil

Will Positively Relieve Pain in a Few Minutes.

Don't suffer from the tortures of rheumatism when it is easy to be relieved and enjoy life in the old way. Miller's Antiseptic Oil (commonly known as Snake Oil) penetrates into the aching joints and bones almost instantly, drives away the pain and limbers you up in a wonderful manner.

There is nothing better than Snake Oil for pains of all kinds; lumbago, neuralgia, sore throat, pains in the chest and sides, cuts, burns, bruises, corns, bunions, chilblains; in fact, pains of every description. Take a bottle home today—it's a fine thing to have in the house. In three sizes, 30c, 60c and \$1.00. Your money back if you are not satisfied. For sale by Maxon Pharmacy, Seymour, Ind.

## WEAKNESS REMAINS LONG AFTER Influenza

Reports Show That Strength, Energy and Ambition Return Very Slowly to Grippe Patients.

After an attack of influenza, doctors advise that nature be assisted in its building-up process by the use of a good tonic—one that will not only put strength and endurance into the body, but will also help to build up and strengthen the run-down cells of the brain.

One of the most highly recommended remedies to put energy into both body and brain is Bio-feren—your physician knows the formula—it is printed below.

There's iron in Bio-feren—the kind of iron that makes red blood corpuscles and creates vigor. There is lecithin also; probably the best brain invigorator known to science. Then there is good old reliable gentian, that brings back your lagging appetite.

There are other ingredients that help to promote good health, as you can see by reading this formula, not forgetting kolo, that great agent that puts the power of endurance into weak people.

Taken altogether Bio-feren is a splendid active tonic that will greatly help any weak, run-down person to regain normal strength, energy, ambition and endurance.

Bio-feren is sold by all reliable druggists and is inexpensive. For weakness after influenza patients are advised to take two tablets after each meal and one at bed time—seven a day, until health, strength and vigor are fully restored.

It will not fail to help you and if for any reason you are dissatisfied with results your druggist is authorized to return your money upon request—without any red tape of any kind.

Note to physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux. Vomica; Powdered Gentian; Phenolphthalein; Oleoresin Capsicum; Kolo.

## Interstate Public Service Company

## Seymour to Indianapolis

Hoosier Flyers leave Seymour for Columbus, Edinburg, Franklin, Greenwood and Indianapolis at 9:18 and 11:18 a. m. and 1:18, 3:18, 6:18 and 8:18 p. m.

Local Cars leave Seymour for Indianapolis and all intermediate points at 6:55, 8:05, 9:55 and 11:55 a. m., and 1:55, 3:55, 5:18, 8:00, \*10:45 and 11:40 p. m. Car marked \*, runs to Greenwood only. Car marked x, runs to Columbus only.

## CHAPTER XXI.

## A Complete Camp.

"Complete, isn't it?" Estrada was leading Innes Hardin through the engineers' quarters.

"Yes, it's complete!" Her brother had told her at breakfast that morning how grandly they had been wasting time! She would not let herself admire the precision of the arrangements, the showers back of the white men's quarters, the mesquite-shaded kitchen. Gerty's elaborate settling was a piece of it, it would seem, with the new management. House-keeping, not fighting, then, the new order of things!

Tom was afire to get his gate done. She knew what it meant to him; to the valley. The flood waters had to be controlled. That depended, Tom had proved to her, on the gate. And the men dance and play house, as if they were children, and every day counting!

She thought she was keeping her age

Gerty Welcomed Her Stiffly.

cession to herself, but Estrada was watching her face.

"We are here, you know, for a siege. There are months of work ahead, hot months, hard months. The men have got to be kept well and contented. We can't lose any time by sickness—" He wanted to add "and dissensions." The split camp was painful to him, an Es-

## STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

trada. "Even after we finish the gate, if we do finish it—"

She wheeled on him, her eyes gleaming like deep yellow jewels. "You've never thought we could finish it!"

Estrada hesitated over his answer. "You are a friend of Tom's, Mr. Estrada?"

"Surely! But I am also an admirer of Mr. Rickard, I mean of his methods. I can never forget the levee."

She had to acknowledge that Rickard had scored there. And the burning of the machinery had left a wound that she still must salve.

"You have no confidence in the gate?"

"The conditions have changed," urged Estrada. "You've seen the mess tent? As it was planned, it was all right, a hurry-up defense. Marshall all along intended the concrete gate for the permanent intake. Have you seen the gap the Hardin gate is to close? Have you heard what the last floods did to it? It's now twenty-six hundred feet, and Disaster Island,

She Waved Her Hand Gayly.

which your brother planned to anchor to, swept away! If it can be done, it will, you can rest assured, with Rickard—he saw the Hardin mouth then—"and your brother's zeal, and the strength of the railroad back of them."

The camp formed a hollow trapezium; the Hardins' tents, and Mrs. Dowker's, were isolated on the short parallel. Rickard's ramada and his tent were huddled with the engineers'. Across, toward the river, behind Ling's mesquites, began another polygon, the camp of foremen and white labor. Some of these tents were empty.

"Is this Mexico, or the States?" asked Innes.

"Mexico," she wondered why he halted so abruptly. She did not see, for the glare in her eyes, a woman's skirt in the ramada they approached.

Estrada marched on.

Outside the ramada, the two women met. Gerty's step carried her past like a high-bred horse. Her high heels cut into the hard sand. There was a suggestion of prance in her mien. She waved her hand gayly at the two, cried, "How hot it is!" and passed on.

Innes saw Rickard at his long pine table used for a desk.

"I can see it all from here." Not for money would the sister of Tom Hardin go in!

At table, that evening, her family heard with surprise Gerty's announcement that they were to eat in the mess tent with the men. It was too hot to cook any longer; this had been one of the hottest days in the year.

She expected to hear a protest to the new arrangement from Tom. She was to see a new development—sullen resignation. If he would accept it, she must not argue. Both sister and brother knew why it was too warm to cook any longer.

(To be continued.)

## Indians Practicing.

By United Press.

Indianapolis, March 24.—Hoosier baseball fans today turned their attention toward the Indianapolis tribe which started preliminary training at Washington park preparatory to going to Bloomington a week from today. At Indiana they will have a week's practice with the state university team. Manager Hendricks says the Indians show prospects of good exhibitions during the coming season.

## COLLEGE STUDENTS TO LEARN AVIATION

War Department Arranges Course That Will Not Interfere With Other Studies.

By United Press

New York, March 24.—Paving the way for future commercial aerial activities and at the same time making ready an air force for military needs, the Division of Military Aeronautics has arranged a training program for college students which will not interfere with their prescribed college courses but will, at the end of three years, turn them out prepared for commercial, sport or military aviation duties.

The plan, as announced by the War Department in connection with its Exhibit at the Aeronautical Exposition here, permits the college student to absorb the courses previously included in the curricula of the ground schools while working for his degree.

The assumption of the War Department is that aviators must be young men, and they point to the experience of the war to prove their point. For this reason, they say, there must be a constant stream of candidates going through the schools.

The government's detailed plan as explained at the Aeronautical Exposition by Colonel B. E. Castle, formerly of the Control Board, Division of Military Aeronautics, is as follows:

"We are proceeding on the assumption that aviators will become superannuated more rapidly than any other kind of officer, so that it is imperative that the supply of trained personnel be kept up. In view of the strength of the air service at the cessation of hostilities and in view of the depreciation among our reserve officers of not less than ten per cent a year, it is estimated that we must draw about 1,000 pilots, 850 airplane and balloon observers, and 100 engineer officers every year.

"In order not to take the better part of a year of a man's time to train him as a pilot or observer, the machinery of the Reserve Officers' Training Corps was chosen as most likely to bring about desired results.

"In outline the plan is to give the equivalent of the work formerly done in the ground schools exclusive of military practice—that is, airplanes, engines, gunnery, navigation and maps, infantry and artillery co-operation, and signalling—at the college and universities during the college year and give flying and military training during the six weeks summer camps held at northern flying fields.

"Everything possible will be done to cultivate a high esprit de corps among the candidates by general lectures on the achievements of Air Service and by the fostering of sports and games as a part of the curriculum."

## Are You Awaiting The Great Crisis?

If So, Do Not Allow the Time to Pass With Nature Unaided.

Women who give nature a helping hand during the period of expectancy find that when the time arrives for baby's coming it is approached and passed with infinitely less pain and danger.

Thousands of women for over half a century have learned that in the time-honored preparation, Mother's Friend, they have a grateful, relaxing, penetrating remedy, the use of which makes it possible for them to go through childbirth without the usual nausea, nervousness, bearing-down and stretching pains, and that through its use the hours at the crisis are fewer and of much less pain and danger.

Mother's Friend penetrates the muscles, rendering them pliant and easily governed by the demands of nature. They relax gently and bring happy days and calm, restful nights. As the result the crisis is passed with greater ease and in less time, the breasts are kept in good condition and the skin is made and kept soft and free from blemishes.

Write to the Bradford Regulator Company, Dept. P, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from your druggist today and thoroughly fortify yourself for the coming event.

## Indigestion, Gas and Bloat From Acid-Stomach

An acid-stomach cannot digest food properly. Instead, the food sours and ferments and, passing into the intestines, becomes a breeding place for countless millions of deadly germs—toxic poisons they are called. These poisons are absorbed into the system and cause untold misery. So, you see, it is just acid-stomach, nothing else—that makes so many people weak, listless and unfit; saps their strength and energy; robs them of their vigor and vitality. Bilioussness, bad liver, nervousness, blinding, splitting headaches, rheumatism, lumbago, sciatica—these and many other still more serious ailments often are traced to the common source—an acid-stomach.

Take EATONIC and get rid quickly of the pains of indigestion, heartburn, that horrible, lumpy, bloated feeling after eating; disgusting, belching, food-repeating; sour, gassy stomach. These stomach miseries are caused by what doctors call "Hyperacidity." It's just ACID-STOMACH. And in addition to the pains and miseries it causes, ACID-STOMACH is the starter of a long train of ailments that most people never dreamed are in any way connected with the stomach.

Pleasant tasting EATONIC TABLETS that you eat like a bit of candy, quickly put an end to your stomach troubles. They act as an absorbent—literally wipe up the excess hurtful acid and make the stomach pure, sweet and strong. Help digestion so that you get all the power and energy from your food. You cannot be well without it!

If you are one of those who have "tried everything" but in spite of it still suffer all kinds of acid-stomach miseries—if you lack physical and mental strength and vigor—begin at once to take EATONIC. Get back your physical and mental punch and enjoy the good things of life. Like thousands of others you will say you never dreamed that such amazingly quick relief and such a remarkable improvement in your general health was possible.

Your druggist has EATONIC. We authorize him to guarantee it to give you instant relief or refund your money. Get a big box of EATONIC today, it costs but little and the results are wonderful!

## FOLLOWS TINNER'S TRADE FOR FORTY-SIX YEARS

August Cordes, Sr., Began As An Apprentice in Louisville on March 23, 1873.

While August Cordes, Sr., was enjoying Sunday as a day of rest at his home on Indianapolis avenue, it occurred to him that forty-six years ago he began work as a tinner, which trade he has followed continuously. He was living at Dudleytown on March 23, 1873, and on that day as a lad of sixteen years, he boarded a train at Langdon, which was a passenger stop in those days, and went to Louisville, where arrangements had been previously made for him to learn the trade under William Lensing. He worked in Louisville for three years, and in 1876, he returned to Seymour and worked a short time for George Frederick, who conducted a tin shop at the corner of Tipton and Chestnut streets. Mr. Frederick closed out his business a few weeks later and as temporary employment, Mr. Cordes worked for William Massman, who conducted a milk business here.

A short time after that C. H.

## For Skin Tortures

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo, obtained at any drug store for 35c, or extra large bottle at \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

The E. W. Rose Co., Cleveland, O.

## SPECIAL PROGRAM IN M. E. CHURCHES (Continued from first page)

offering taken amounted to \$70. Special music was furnished by the choir. Special services were held Sunday evening at the Brownstown Baptist church. A sermon given by the pastor, the Rev. R. I. Black, was followed by a tableau showing the amount spent on candy, gum, styles, whiskey and tobacco in comparison to the amount given to mission work. Special music was given by the choir and an offering was taken.
